

We've asked local designers **Georgia Kukoski** of Closet Factory and **Sara Hillery** to develop a design for a mudroom space. Their selections show two different ways to achieve a hard-working entryway that is both functional and stylish.

↳ To submit your design challenge, send a good-quality photo of your space to jessicah@richmag.com.

Every mudroom needs:

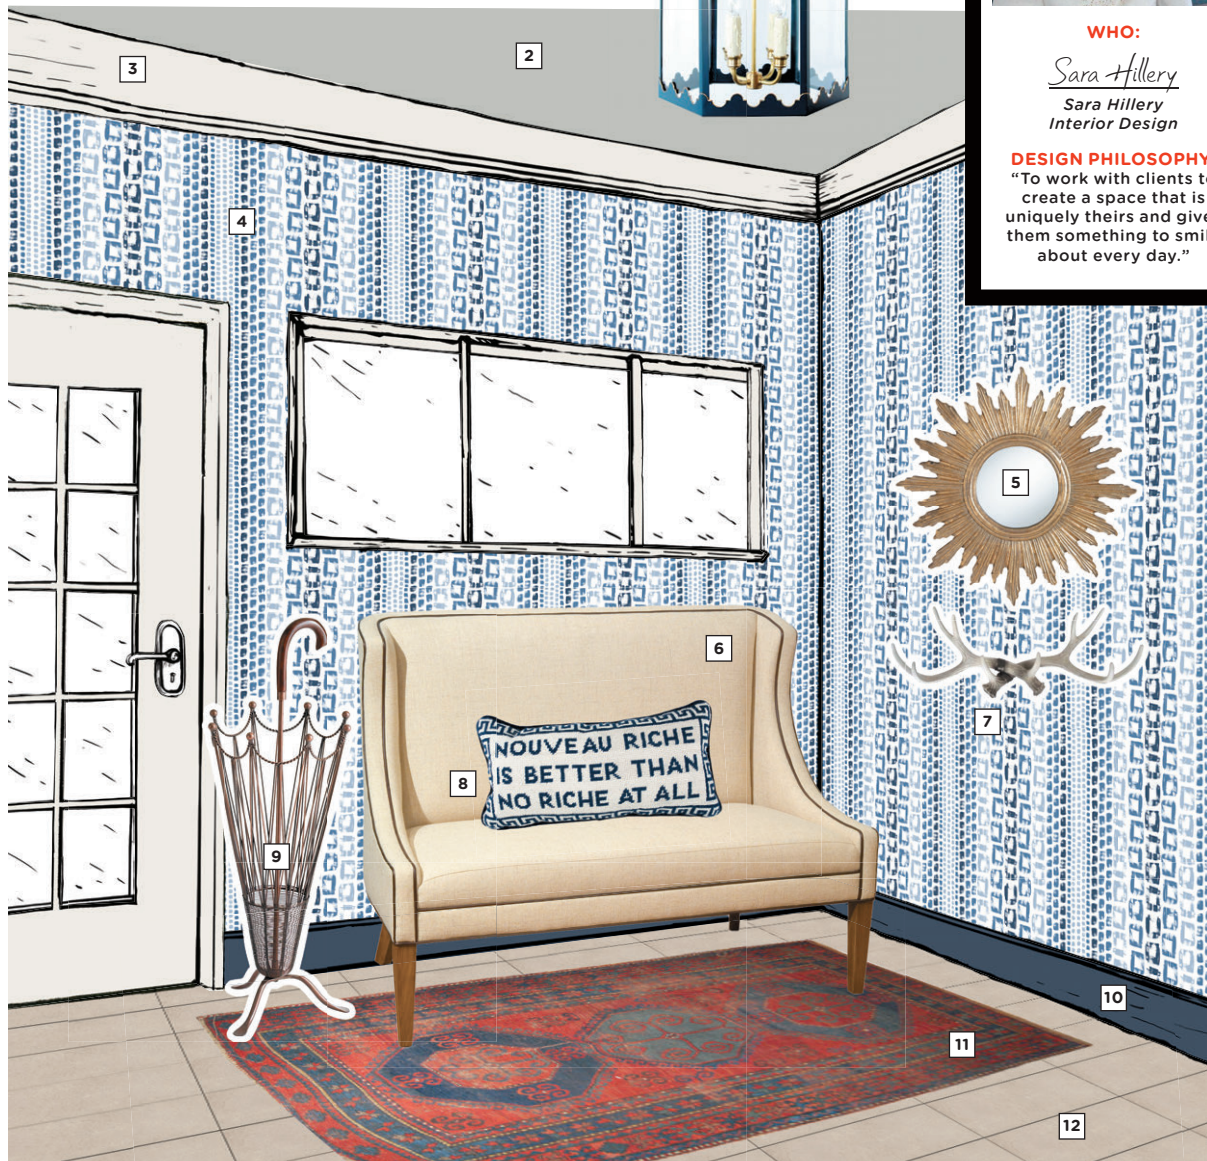

“A sprinkle of joy just for you – it’s the first place you enter when you come home, and it’s the last impression of home when you leave. Make it fun!”

WHO:

Sara Hillery
